

HOW THE SEED LIBRARY WORKS

LIBRARY

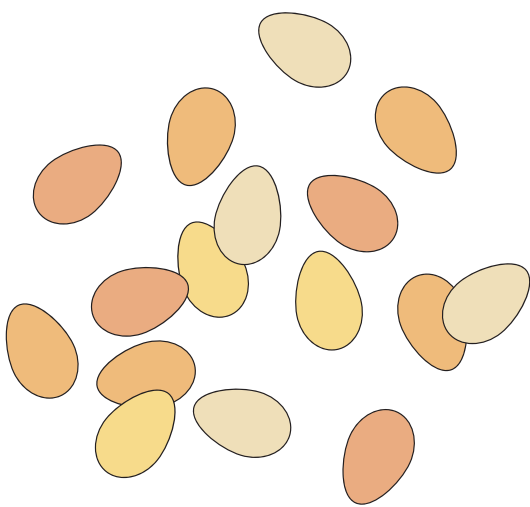

1. Stop by the Library

Visit our Seed Library at the Library! The Seed Library is located in front of the stained glass windows near the Circulation Desk.

2. Check them out

Fill out the user profile form and check out sheet with your name and the date including the year. Turn in the form and leave the CHECKOUT SHEET in the binder.

3. Choose your seeds.

Explore the variety of seeds available. Choose what you would like to grow and RECORD on your CHECKOUT SHEET. When planning to save seeds be sure to grow plants according to the recommended methods and your ability.

4. Plant and Grow

Take your seeds home and plant them according to directions and enjoy your new garden.

5. Harvest and RETURN.

As the plant reaches maturity, collect the seeds from the healthiest plants, dry them out, place them in an envelope, fill out the form for each variety you return and attach to the envelope. Bring to the circulation desk to restock the seeds for next year.
